Re: Request for Information Pursuant to Section 104 of CERCLA
Holy Trinity Cemetery Site, 5401 Robert Street, Lewiston, Niagara County, New York

Dear Rev. Mazur:

The United States Environmental Protection Agency ("EPA") is charged with responding to the release or threatened release of hazardous substances, pollutants, and contaminants into the environment and with enforcement under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), as amended, 42 U.S.C. §§ 9601-9675 (also known as the "Superfund" law). For your information, a copy of the Superfund law may be found at www.epa.gov/superfund/action/law/index.htm.

The Divine Mercy Parish appears to be the owner of the Holy Trinity Cemetery located at 5401 Robert Street, Lewiston, New York (the "Site"), which is known by EPA to be contaminated with radioactive material. This letter seeks your cooperation in providing information and documents related to the Site. EPA encourages you to give this letter your immediate attention. Please provide to EPA a complete and truthful response to the attached Request for Information within 30 days of your receipt of this letter.

EPA has broad information-gathering authority that allows it to require persons to provide information or documents relating to the materials generated, treated, stored, or disposed of at or transported from a facility, the nature or extent of a release or threatened release of a hazardous substance, pollutant, or contaminant at or from a facility, and the ability of a person to pay for or perform a cleanup.

While EPA seeks your cooperation in this investigation, compliance with this Request for Information is required by law. When you have prepared a response to the Request for Information, please sign and have notarized the enclosed "Certification of Answers to Request for Information," and return that Certification to EPA along with your response. Please note that

false, fictitious, or fraudulent statements or representations may subject you to civil or criminal penalties under federal law. In addition, Section 104 of CERCLA authorizes EPA to pursue penalties for failure to comply with a Request for Information.

Some of the information EPA is requesting may be considered by you to be confidential. Please be aware that you may not withhold the information upon that basis. If you wish EPA to treat the information confidentially, you must advise EPA of that fact by following the procedures described in the Instructions that follow this letter, including the requirements for supporting your claim for confidentiality.

Please note that if after submitting your response you obtain additional or different information concerning the matters addressed by this Request for Information, it is necessary that you promptly supplement your response as described in the Instructions.

This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. § 3501.
